

FCA Plus was initially established to provide insured protection for pastors and churches in case of pastoral disability. In addition to short term and long term disability, a variety of other benefits such as extended health care, dental care and life insurance were included to round out the plan.

This benefit plan is available to pastors, evangelists, Christian educators and support staff who are ministering within the Fellowship of Christian Assemblies in Canada.

FCA Plus has continued to provide comprehensive benefit services through nationally recognized benefit providers. Agencies are invited on a regular basis to bid on this benefit package in order to ensure the lowest possible premiums. As FCA Plus increases its membership, it will be able to negotiate further rate reductions due to volume discounts.

An outline of the current benefits and costs are included in this brochure. FCA Plus continues to work towards additional without cost member benefits such as discounts on air travel. Members will be periodically informed about changes to the benefits provided through FCA Plus as they occur.

*Please note that this benefit summary is **NOT** a comprehensive list of the entire benefits plan coverage. If there are any discrepancies between this list and the benefit plan booklet, the benefits booklet will be deemed correct.*
